To All producers,

Please be advised that from Monday 26/9/22 Thomas foods International will require all vendors to complete Question 7 on your National Vendor Declaration form indicating the status of your lambs with regards to their antibiotic free status.

Please write in Question 7 either “Raised without Antibiotics” or “Raised with Antibiotics”.

Most pasture fed Australian lamb would be antibiotic free however some feed supplemented/ feedlot lambs may have had exposure to antibiotics within the feed ration.

Failure to fully complete question 7 may result in delayed processing of your livestock.

We appreciate your continued support and understanding of the ever changing requirements within the industry.

King Regards,

Paul Leonard
